AMRON INTERNATIONAL
EVERYTHING UNDER PRESSURE™

Deluxe Headset Single Muff
with Dual Banana Plugs

The **Amron International Model 2401SM-28** is a single muff medium-weight passive noise reduction deluxe headset with a dynamic noise-canceling boom microphone. This headset comes standard with a 6-foot straight cord and dual banana plugs that mates to all Amron series communicators. This headset has a superior noise reduction rating of 21 dB suitable for use in a noisy environment. The 2401-28 features a unique, soft moleskin covered headband for all day comfort. The ergonomic headset design distributes ear cushion pressure evenly over the entire ear with no pressure points. Another great feature is that the headset folds into compact form for ease of transport and storage.

DISCLAIMER NOTICE: Amron International's communications equipment is designed to be used in air chambers where oxygen concentrations remain below 23.5%. Our communications products (including communicators, speakers, entertainment systems, and other communications accessory items) are NOT designed for oxygen service, are not intrinsically safe, and do not meet the criteria given in NFPA-99, Chapter 20 and other applicable definitions. Use of our products in high-concentration Oxygen environments may result in serious injury and/or death.
