HYCON HPP14V FLEX POWER PACK

COMPACT SIZE

VARIABLE FLEX

PRODUCT FEATURES

HYCON HPP14V FLEX is our most popular variable flow pack. It is used mainly for contractors, rentals, municipalities, supply companies, etc.

From the front panel, it is easy to adjust the flow between 20 and 30 lpm. This makes it ideal for running all 20 and 30 lpm tools.

The HPP14V FLEX gives you the perfect power source for high-performance tools like breakers, cut-off saws, core drills, submersible pumps, ring saws, and diamond chain saws.

HPP14V FLEX is very compact, low weight, and easily transported in any vehicle. In addition, it comes with an integrated engine oil level safety switch.

HYDRAULIC POWER PACK HPP14V FLEX

CE

Item no.	**2020514**
